

ERGONOMIC SERVICES: QUANTITATIVE REVIEWS

Injury prevention has evolved in the 21st Century, and DORN stays up to speed with comprehensive data collection services that offer a holistic, yet detailed perspective on the injury problems facing your organization. Our quantitative ergonomic reviews, designed to provide organizations with up-to-the-minute data on their employees' work and behavior patterns, include extensive in-person observation of the workplace and engagement with the employees in question. The result is a data-based picture of your work environment, including worker health and behavior, that can be used to drive changes at every level of operations.

Leveraging the expertise of our certified ergonomic Specialists, DORN's quantitative ergonomic reviews include video and photo evidence, worker testimony, and overall performance data, which can be used to identify the primary pain points of your worksite and address the problems proactively. From outdated workstations to environmental hazards and dangerous techniques used by the employees themselves, our program provides highlights trends in exertion and physical strain so that you can isolate risk factors that lead to chronic pain, musculoskeletal injuries, and fatigue, each of which implies a host of costs and productivity losses when left unaddressed.

Benefits of a Quantitative Review:

- Detailed analysis of your worksite and the nature of the tasks being performed
- Plans for holistic change that can drastically lower costs and improve productivity
- Stronger ergonomic practices, which lead to increased employee retention, improved morale, and a more engaged workforce

About DORN Companies

For nearly 20 years, DORN has led the cutting edge of workplace safety solutions, offering holistic, proactive strategies to help organizations in all sectors reduce injuries, cut costs, and boost productivity. With a whole-person approach to safety that evaluates Body, Behavior, and Environment, DORN deploys custom-built solutions based on trusted science and the expertise of a nationwide team of workplace safety specialists. Whether through ergonomic assessments, PainFree treatments, biomechanics programs, technology solutions or coaching and training, DORN solutions significantly enhance organizational efficiency and employee effectiveness while improving the overall culture of the organization. With an annual ROI of nearly 600% and a reach of over 100,000 employees, we have saved employers over \$100 million in workers' compensation and healthcare claims and costs.

Empowerment through Education & Engagement
